# EV Charging

Electric vehicles (EV's) are no longer a passing trend, with almost 9 million expected on the road by 2030. **ylo** can provide a wide range of Business Specific EV charging solutions – including Free to Use, Pay-to-Charge and Street-Based Solutions, ensuring your employees, visitors or fleet staff can charge from where they need too.

Businesses can apply for **grants of up to £350 per device** from the Government, to cover both the device and installation. Plus a wide range of bespoke options are available including various colours, branding opportunities and optional lighting to allow charging to be used 24 hours a day.

There is also the opportunity to commercialise your EV charging points, allowing you to rent them out to the public and create an additional revenue stream for your business.

Plus, we'll take care of all Grant forms and legislation. That's one job off your list!

Grants now available of up to  
75% for Businesses\*\*

Multiple Colour Options  
& Bespoke Branding Available

Low Cost, Easy to Use and  
BSI Compliant

Prices from just **£999**, including Supply & Installation\*

\* No-Obligation Bespoke pricing available on application. Price quoted after applying government grant.

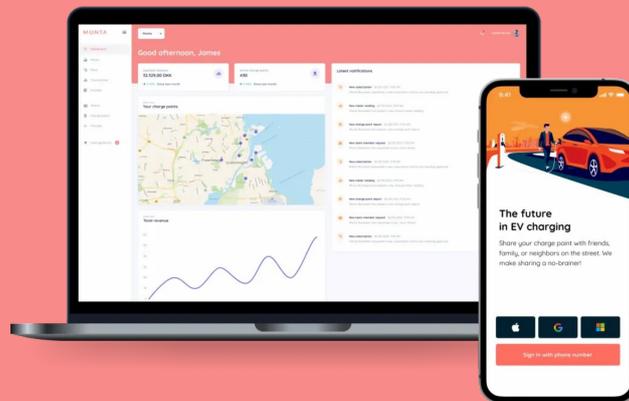

\*\* Grants available for up to £350 of the total install & supply cost, up to a total of 40 stations per business. May vary dependant on type of business, location of business or if previous grants have been received. Please speak with a representative to find out more.

All prices are Exclusive of VAT.

# Finance now available.

ylo now enables you to spread the cost of your EV charger over 12 months, meaning you could have one supplied and fitted from just £56 per month\*. Plus, during this time, you'll benefit from unlimited call outs and a 6-monthly charger check to make sure everything's working as it should.

# Monta as standard.

Turn the EV charger at your business into a new revenue stream by offering electric car charging to the public. With Monta connected to your chargers, you can easily manage pricing, users and payments from our portal.

Decide who can use your charge point, when and at what cost - backed by a powerful and intuitive app - all bundled for free with all ylo installed EV chargers.

*Finance subject to status. ylo provide finance through Acorn Commercial Finance Ltd, an appointed representative of AFS Compliance Ltd which is authorised and regulated by the Financial Conduct Authority under number 625035.*

# Let's talk!

Our specialist team are here to talk about your EV Charging needs, as well as Broadband Services, VoIP Solutions and Mobile Contracts - whether business or residential.

We have offices in Northampton and London, and while we always love to meet our clients, we are of course available on Zoom, Teams or FaceTime too.
